Ms. Sharon Reid
Custom Commercial Cleaning

Reference: BMW Site Operations Center and BMW Campus Training Center

Dear Ms. Reid:

We would like to take a moment to thank you for all the hard work and dedication Custom Commercial Cleaning exhibited during the BMW Site Operations Center and BMW Campus Training Center projects. It has been an absolute pleasure to work with your company. Knowing that you had the projects' best interest in mind made these two projects successful.

Without a doubt, these are two of Hogan's most architecturally sophisticated buildings. Because of your involvement in these projects, if we can be of any assistance in marketing them for your business, please do not hesitate to ask.

Again, it was a pleasure working with Custom Commercial Cleaning on these two projects. Thank you for being a vital member of the Hogan Team!

Sincerely,
Hogan Construction Group, LLC

Lee Hinson
